Accessibility Policy

The Halton CAS is committed to always respecting the dignity and independence of people. We believe in integration and opportunity and are committed to meeting the needs of people with disabilities by removing barriers to accessibility through the timely review and development of policies that meet or exceed the Accessibility for Ontarians with Disabilities Act.

The purpose of this Policy is to ensure the Halton CAS is compliant with the requirements of the Accessibility for Ontarians with Disabilities Act (AODA) and that we address accessibility policies and standards required by the Integrated Accessibility Standards Regulations (IASR). This Policy compliments Halton CAS Accessibility Standards for Customer Services and Procedures.

This Policy applies to all Halton CAS staff, volunteers, students on placement and third parties operating on behalf of the Society in the provision of goods, services or facilities to the public or employees.

All services provided by the Halton CAS and all interactions with our staff and the community follow the ideals of dignity, independence, integration and equal opportunity. We will meet or exceed all applicable legislation regarding accessibility.

The Halton CAS will establish a multi-year accessibility plan documenting the steps to be undertaken to meet the requirements of the IASR and will ensure ongoing policy development to prevent and remove barriers to accessibility.

The multi-year accessibility plan is posted on our website and will be made available in accessible formats upon request. The plan will be reviewed at least every five years.

The Director of Human Resources is responsible for leading the implementation of the initiatives contained in the multi-year accessibility plan and ensuring the Halton CAS meets its target completion dates. The Director of Human Resources will consult with individuals or groups with disabilities during the implementation of the plan.

The Halton CAS will annually update the status of the accessibility plan to ensure compliance with the IASR.
